## IMPORTED DOOR COMPONENT PROJECT

Our precision services locked out demurrage fees.

### TRANSPORTATION

Watsonstown Trucking Company provided transportation services to move 100 truckloads of material from the Philadelphia, PA port to a Patton warehouse in Sunbury, PA in 15 days to prevent the client from incurring significant demurrage costs.

### WAREHOUSING

Patton Warehousing provided 25,000 sq. ft. of storage space and unloading support staff that worked around the clock to unload the inbound trailers at the warehouse. The product was stored and allocated by location using our warehouse management system (WMS).

### LOGISTICS

Patton Logistics provided additional capacity through our network of partner carriers in order to meet the deadline and prevent the client from incurring additional cost. Patton Logistics also ensured that the carriers were adhering to the strict transportation schedule.

“

*I wanted to write and tell you how impressed I am with The Patton Logistics Group. When I contacted you and assigned this project to your company, I never thought it could be completed on time. Your company did it and I am thankful that you are our logistics partner.*
